Learn how to photograph your artwork for use online and in print using professional photographic techniques with photographer Jay Fleming.

In this workshop, Jay will demonstrate best practices to photograph 2D artwork using best set-up, lighting practices, and professional equipment. Jay will also share pointers for using basic equipment, such as cell phones and simple DSLR cameras with modest set ups.

Each participant may bring a piece of art to be photographed, digitized and professionally printed. Please bring *flat artwork with glass removed* if possible. Bring a USB file to save your digitized image for future use.

*Workshop is limited to 10 participants.*

A check made out to **SMAL** should accompany this registration form. Please send to:  
Sharon Thorpe, 12256 Summer Sky Path, Clarksville, MD 21029
